

**CBE ID**

0652

**Title**

Rh immunoglobulin (Rhogam) for Rh negative pregnant women at risk of fetal blood exposure.

**Project**

National Voluntary Consensus Standards for Ambulatory Care: Additional Outpatient Measures

**Endorsement Status**

Endorsement Removed

**Is Under Review**

No

**Previous Endorsement Cycle**

Full Year 2010

**Removal Date**

Tue, 07/15/2014 - 20:00

**Initial Endorsement**

Mon, 01/17/2011 - 02:37

**Steward**

American College of Emergency Physicians

**1.0 New or Maintenance**

Maintenance

**1.1 Measure Structure**

Single Measure

**1.3 Electronic Clinical Quality Measure (eCQM)**

No

**1.6 Measure Description**

Percent of Rh negative pregnant women at risk of fetal blood exposure who receive Rhogam the ED.

**1.7 Measure Type**

Process

**1.8 Level of Analysis**

Clinician: Group/Practice, Clinician: Individual

---

## 1.9 Care Setting

Inpatient/Hospital

## 1.14 Numerator

Number of appropriate patients who receive Rhogam in the ED.

## 1.15 Denominator

All women, confirmed pregnant, who are at significant risk of fetal blood exposure, including: 1. those diagnosed with an ectopic pregnancy 2. those in the second or third trimester: a. with a threatened abortion (threatened, partial, complete, or spontaneous) b. those who report or are found to have significant vaginal bleeding (not just spotting) c. those who have sustained blunt abdominal trauma 3. those who undergo an invasive obstetric procedure in the ED (genetic amniocentesis; chorion villus sampling; fetal blood sampling, D&C).

## 1.20 Types of Data Sources

Claims Data, Electronic Health Records: Electronic Health Records, Other, Paper Records

## 6.1.2 Current or Planned Use(s)

Payment Program, Regulatory and Accreditation Programs

## 6.1.3 Current Use(s)

Payment Program, Regulatory and Accreditation Programs

## Exclusions

1. Patient refusal
2. Patients who have received appropriate Rh immunoglobulin previously
3. OB/GYN consultation documenting Rh immunoglobulin not recommended

## Planned Use

Payment Program

## Risk Adjustment

No risk adjustment or risk stratification

## Target Population

Women
